

MRS. SWEETEN IS DOUBTFUL ABOUT POISONING MATE

Minister Told Her She Did It—Does Not Remember

SALEM, Ill. Sept. 24. (AP)—The strain of an all night questioning, coupled with the worry and care of a mother over her children and a subsequent loss of appetite tonight had brought Mrs. Elsie Sweeten, who has confessed that she poisoned her husband in a plot with the Rev. Lawrence M. Hight, of Ina, on the verge of a nervous breakdown. Her condition has become such, that, upon instruction of her physician, S. A. Thompson nobody is permitted to see her in her cell in the jail building here unless she requests it.

"I have offered," remarked Sheriff H. E. Vogt, "to get her anything to eat she desires, but she always replies she has no appetite, she cannot eat."

There is a window in her cell but at no time since she was brought here yesterday has she been seen at the window. The greater part of the time she has been in jail here she has been on her iron cot, either sitting or lying down. Since her arrival here she mentioned her confession, made at Mount Vernon, yesterday only once, saying she would not have confessed had it not been at the urgent request of the clergyman, when the two were closeted in a cell for nearly three hours. Tonight Mrs. Sweeten received a note purported to be from her mother and brother, assuring her of their assistance, and promising her to take care of her three children who are now with their grandfather at Ina, the home of Mrs. Sweeten. She was also advised in the note to employ counsel and not to worry over the future.

Worries Over Children
Remorse is fast overtaking her the sheriff said in speaking of the prisoner's recent attitude, adding that in his opinion the worry over her children was pressing more on her mind than the circumstances that brought her to jail.

In a lengthy interview, this morning, Mrs. Sweeten, in answering questions put to her, related how her relations with the minister started and how they gradually grew more intimate until she realized that she had fallen in love with the clergyman, who lived only two blocks from her home.

"One night, in April," she said, "he won my confidence. I thought he was a great religious man. After he had won my confidence I yielded to his suggestions in every way."

When asked whether she was sorry that she had poisoned her husband, as she confessed, she answered:

"Yes, I am sorry, very sorry. I certainly am sorry." No apparent emotion was visible in the woman's features or attitude at the mentioning of the minister's name either directly or indirectly. She referred mostly to the minister as "he" or "him."

Her answer to the question whether she had poisoned her husband, was vague.

"He (Rev. Hight) said I did do it (poison her husband) and then sometimes it seems I did not. I do not know. I do not know why and how I could do it."

A glass of milk taken by Mrs. Sweeten tonight was the first kind of nourishment she has had since she was brought to this jail. Milk, it is said, has been the only nourishment on which Mrs. Sweeten has sustained herself since the death of her husband.

When asked today whether she had ever received any gifts from the Rev. Hight, Mrs. Sweeten said she had once been given a box of candy by him. He told her then, she said, to let nobody else have any of the chocolates, but to eat them herself. On another occasion, she said, he gave her an apple with the same remark.

After leaving the woman's cell tonight Sheriff Vogt remarked about her loss of appetite and said she seemed to dread food, and seemed to shudder whenever food was mentioned. In her confessions Mrs. Sweeten said she

FLOOD IN LENINGRAD CAUSES MARTIAL LAW TO BE PUT IN FORCE

Heavy Damage As Result
of Gale Tuesday—Relief
Work Begun

LENINGRAD, Sept. 25. (AP)—Martial law has been declared here owing to the serious condition brought about by the flood due to the heavy gale of Tuesday.

Early this morning the flood waters still remained nine feet above normal, but they were showing a tendency to subside. The militia, fireman and regular soldiers together with vigilance committees, are preserving order.

The great warehouses along the water front have been damaged. In the adjacent island, the water reached the second floors of buildings. Many sections of the city of Leningrad are completely isolated. Relief work on a large scale has been organized.

Telegraphic and telephonic communication with Moscow has been suspended.

The Neva river went over its banks five or six feet. The water in the great arterial canal system which intersects the city had risen more than ten feet. The electric power failed and the city was in complete darkness. Train, trolley, telephone and telegraph services were paralyzed. Vehicular traffic was impeded and the famous Nevsky prospect resembled a Venetian scene. Many roofs were carried away and trees uprooted by the violent winds. Thus far no lives have been reported lost but the property damage is enormous.

WIZARD EVANS SAYS KU KLUX KLAN WILL NOT ENTER POLITICS

Organization Opposes La-
Follette, Who Is Wholly
Un-American

KANSAS CITY, Mo. Sept. 24. (AP)—A report that Hiram W. Evans, imperial wizard of the Ku Klux Klan had banished W. M. Atkins, chairman of the American Party from the Klan because of Atkins' efforts to have the Klan endorse Gilbert O. Nations, the party's candidate for the presidency, was neither confirmed nor denied here today by Mr. Evans.

"I refuse to dignify the report with a statement," Mr. Evans told The Associated Press. "It is merely another effort to drag the Klan into politics and the Klan is not in politics."

"The Klan is not supporting Mr. Davis, Mr. Coolidge, Mr. LaFollette, Mr. Nations or Mr. Anybody else. I will say however, that the Klan is opposed to Mr. LaFollette because he is a political bandit and stands for principles that are wholly un-American."

PETITIONS FOR GRANT STILL ROLLING IN

CHICAGO, Sept. 24.—One hundred thousand persons have signed petitions asking that Governor Len Small spare the life of Bernard Grant, under sentence of death. Grant's attorney Thomas E. Swanson, said tonight.

A half million signatures are expected, the attorney asserted, basing his estimate on the number that comes in every mail to his office.

Walter Krauser, sentenced to the gallows for the same murder refused to offer any comment to the state as to his repudiation of the statement whereby he exonerated Grant.

Otto Christenson, another prisoner, however, declared that he had neither drawn up Krauser's original statement or forced him to sign it as Krauser alleged in his repudiation.

CATHOLICS MEET IN TWO CLOSED SESSIONS

Washington, Sept. 24.—Two closed sessions participated in by three cardinals and sixty one archbishops and bishops of the Catholic church at which reports of various activities were considered, occupied the Catholic hierarchy of America in annual session here today.

Work of the National Catholic Welfare Council was discussed in its various phases by Archbishop Hanna of San Francisco, Archbishop Dowling of St. Paul, Bishop Gibbons of Albany, Bishop Muldoon of Rockford, Ill., Bishop McDevitt of Harrisburg, Pa., and Bishop Schrembs of Cleveland.

BIG LOUD SPEAKER FOR GRANT PARK PLANNED

Chicago, Sept. 24.—Grant Park's new stadium is to have the most powerful loud speaking apparatus in the world, it was announced tonight by the South Park board of commissioners.

Work on this apparatus, which will carry the voice of public speakers to 90,000 persons seated in the municipal amphitheater will be started immediately. The system is to be used for the first time October 9, when Mayor William E. Dever dedicates the stadium.

COOLIDGE AGAIN REITERATES HIS PLEDGE ON TAX

Speaks To National Association Of Re- tail Druggists

WASHINGTON, Sept. 24.—President Coolidge today renewed his pledge for an administration of economy at home and harmony in foreign relations so that taxes might be reduced and peace and prosperity be established.

Speaking before delegates attending the convention of the National Association of Retail Druggists, the president also declared for the policy of "less interference by the government in business," and urged as a guide in such relations the principle of "service and mutual consideration."

The brief speech was delivered at noon from the south portico of the white house after Mr. Coolidge had spent a busy morning receiving callers on various missions and attending to other business. This afternoon he completed the address he will make tomorrow night at Philadelphia at exercises celebrating the 150th anniversary of the meeting of the first continental congress.

In connection with his study of the tariff commission report on the sugar duty the president received an appeal today from A. N. Mathers, representing the Farmers Cooperative Beet Growers' association of Nebraska, to retain the present tariff.

Mr. Mathers said he represented, in addition to the beet growers, many other industries in the states west of the Mississippi river. Mr. Coolidge is expected to announce a decision soon on this report, in which it is understood a majority of the commission has recommended a reduction in the present rates.

The president today designated Brigadier General William Mitchell, assistant chief of the army air service, to represent him at the Pulitzer prize races in Dayton October 3.

CHICAGO GOES AFTER ALL AUTO SPEEDERS

CHICAGO, Sept. 24. (AP)—Four more men were sent to the house of correction for driving automobiles while intoxicated in the latest campaign by police against speeders today, bringing the total sent to jail for traffic law violations this week to 18. More than 200 arrests were made during the day and fines totaling more than \$8,000 were assessed in Speeder's court. A jury awarded a boy struck by a truck damages of \$25,000 and Thomas J. O'Grady, state representative announced that he would sponsor a bill in the next legislature providing jail sentences for all speeders and reckless drivers.

DAVIS IS RETURNING TO HIS NATIVE STATE

NEW YORK, Sept. 24. (AP)—John W. Davis left tonight for his native state to renew tomorrow the presentation of his case as Democratic presidential nominee.

Mr. Davis will deliver three set speeches in West Virginia. The first will be at Charleston tomorrow afternoon the second at Huntington tomorrow night and the third at Bluefield Friday night.

Mr. Davis will spend Saturday at Democratic national headquarters in Washington. He will stop at Willington, Saturday night to deliver his first address in the east since returning from his western campaign.

GRAIN DEALERS CLOSE NATIONAL CONVENTION

Cincinnati, O., Sept. 24.—Opposition to governmental interference in business, government ownership of railroads and the Howell-Barkley bill was voiced in resolutions adopted at the closing session of the Grain Dealers' National association here today.

F. G. Horner of Lawrenceville, Ill., was elected president of the association and C. D. Sturtevant of Omaha, vice-president. Directors also were elected.

GALES AND FLOODS DO DAMAGE IN FINLAND

Helsingfors, Finland, Sept. 24.—Great damage is reported to have been done at Viborg and Kotka by gales and floods. The water level on the gulf of Finland reached from 140 to 200 centimeters (from 5 to 12 feet) above normal, which is said to be the highest in a century.

PRINCE AT WINNIPEG

Winnipeg, Sept. 24.—Interrupting his trip to his Alberta ranch for a three hour stop at Winnipeg today the Prince of Wales played a game of squash raquets, ate a moose steak and expressed himself as glad to be in Western Canada again. He is due at his ranch near High River tomorrow night.

Aviators Will Leave Clover Field Today

LOS ANGELES, Sept. 24. (AP)—After a day of rest following reception in all their aerial trip around the world, tonight found the six aviators of the army world flight ready to start tomorrow morning from Cloverfield, Santa Monica, near here to Crissy field, San Francisco, they announced.

The three great world cruisers are in fit shape and weather permitting, the globe girdlers will take off about 10 o'clock in the morning to fly over Santa Barbara, Santa Maria, San Luis, Obispo, Paso Robles, Salinas and San Jose on the official flight around the world terminating in Seattle.

The airman, under command of Lieutenant Lowell H. Smith, carefully inspected the three cruisers at Cloverfield today. The night program was an informal dinner in Hollywood and then a motion picture providing few quiet hours with their relatives and close friends.

Lieutenant Smith will lead the three planes over territory that he knows so well that he will feel like running around his own back yard, he said.

Many times the flight commander has flown between here and Seattle, making some records in these cruises.

The last trip however was in March when the world cruisers sped to Seattle from here in preparation for the world flight. Should weather reports tomorrow indicate heavy fogs or clouds over the coast range mountains making impossible the flyers will take the inland route over the Tehachapi pass and up the west side of the San Joaquin Valley, it was announced. They plan to land in San Francisco about three o'clock tomorrow afternoon.

STORIES RELATED BY GARBUIT AND GIBSON SHOW WIDE VARIANCE

Each Enact Drama Showing
Other Was Weilder of
Hammer

PASADENA, Cal. Sept. 24. (AP)—Clifton R. Hunn, of Chicago, late today watched Harry Connor, alias Harry Garbutt, ex-convict and F. R. Gibson, re-enact what each claimed was the true version of the death scene of last Friday night in which Mrs. Hunn was slain.

In one particular the two versions clashed. Each man asserted he was in the bathroom at the opening of the controversy with Mrs. Hunn.

Gibson said that Connor beat the woman over the head with a small hammer and then shot her. Garbutt declared that Gibson attacked her with the hammer, that he (Garbutt) intervened and in the struggle with Gibson for Garbutt's pistol took the lives of his wife, Anna, and Wilford Sweeten, both of Ina, Ill., must answer immediately to the Southern Illinois conference of the Methodist Episcopal church in session here it was announced tonight by Bishop F. D. Leete, who is presiding over the meeting. He added action in Rev. Hight's case would be taken in tomorrow's session.

Appointment of pastors for more than 250 charges, embraced by the conference were discussed in the morning and the cabinet conference cabinet tonight. The cabinet is composed of the six superintendents with Bishop Leete as chairman.

CONFERENCE WILL ACT ON HIGHT PROMPTLY

CARBONDALE, Ill. Sept. 24. (AP)—Rev. Lawrence M. Hight, confessed participant in the poison plot that took the lives of his wife, Anna, and Wilford Sweeten, both of Ina, Ill., must answer immediately to the Southern Illinois conference of the Methodist Episcopal church in session here it was announced tonight by Bishop F. D. Leete, who is presiding over the meeting. He added action in Rev. Hight's case would be taken in tomorrow's session.

Appointment of pastors for more than 250 charges, embraced by the conference were discussed in the morning and the cabinet conference cabinet tonight. The cabinet is composed of the six superintendents with Bishop Leete as chairman.

MRS. COOLIDGE SHOWS BASEBALL INTEREST

WASHINGTON, Sept. 24. (AP)—Interest at the white house in the pennant fight of the Washington Baseball team extends to Mrs. Coolidge who during a visit at the executive offices today followed closely, reports reaching there on the progress of the game between Washington and Chicago.

Mr. Coolidge is planning to accept the invitation to throw out the first ball at the opening game of the world's series if Washington wins and he also was invited today to review a parade next Wednesday in honor of the team on its arrival home.

MRS. FERGUSON'S CASE IS TESTED IN COURT

Austin, Texas, Sept. 24.—A charge that the plaintiff had not come into court with "clean hands" in bringing the suit testing Mrs. Miriam Ferguson's qualifications to be governor was made by Beeman Strong of Houston, attorney for the state Democratic committee, in arguing for Mrs. Ferguson today.

The suit is an attempt to deprive the voters of Texas from electing a governor and a scheme devised to thwart the will of the voters, said Mr. Strong.

REFUSES MANDATE TO ADD LAFOLLETTE NAME

San Francisco, Sept. 24.—The State supreme court today denied a petition for a writ of mandamus to compel Robert E. Graham, county clerk of Marion county, to place the name of the LaFollette-Wheeler presidential electors on the November ballot in California.

TROOPS FROM SALEM ORDERED TO HERRIN TO AID THOSE THERE

Force On Duty Not Sufficiently Large to Guard
Both Towns

SALEM, Ill. Sept. 24.—Two squads of Company 1 of the Illinois National Guard were ordered tonight to entrain tomorrow morning for Herrin, Ill. The troops it was said here had been called to Herrin to augment the detail on duty there and to protect the court room where City Judge E. N. Bowen will begin the hearing in trials growing out of the recent Herrin disturbances.

The calling out of the troops was termed here a measure of precaution. Captain Harold M. Bigelow has 18 soldiers in Herrin since August 30, when six men were killed in a clash between Klan leaders and anti-Klansmen. Half of the detachment was sent to Marion several days ago when the grand jury began its investigation of the latest Herrin disorder and it was believed the small number of soldiers would not be strong enough to prevent an untoward incident.

SPRINGFIELD, Ill. Sept. 24.—Adjutant General Carlos E. Black declared tonight that an officer and sixteen men had been ordered to Herrin to assist the men now on duty there who have been forced to divide their time between Herrin and Marion.

"There is nothing significant in the order," said the adjutant general.

DAWES WILL INVADE TENNESSEE STATE

CHICAGO, Sept. 24. (AP)—An incursion into the political border state of Tennessee and a ten day trip thru eight interior states was mapped out for Chas. G. Dawes, Republican candidate for vice-president at conferences today at Republican National headquarters before the nominee left here on a three day tour of Wisconsin and Minnesota.

Mr. Dawes spent some time in conference with Chairman Butler of the Republican national committee and Chairman Sanders of the committee's speakers' bureau and at the conclusion of the discussions announcement was made of the program laid out for the vice-presidential nominee for the first half of October.

The trip to Tennessee, a state normally Democratic but carried by Harding in 1920 will have as its principal objective an address Thursday evening, October 2, in Memphis.

GOVERNOR SMITH SURE TO BE RENOMINATED

Syracuse, N. Y., Sept. 24.—All indications pointed tonight to the renomination by acclamation of Governor Alfred E. Smith, and his associate elective officers by the state Democratic convention which opens here tomorrow.

The governor has not said he would run, but no other person's name has been mentioned.

Persons familiar with the chief features of the platform plans said that nothing new would be included in the structure.

SAYS TOO MUCH MONEY CAUSE OF DEPRESSION

Joliet, Ill. Sept. 24.—"Too much money was the cause of the financial and business depression in the country a few years ago," Charles S. Deneen, Republican nominee for United States senator said in an address here tonight. The speech was the last of four he made during the day, audiences in Lincoln, Bloomington and Pontiac having heard him earlier.

SENATOR EDGE WINS IN NEW JERSEY PRIMARY

Newark, N. J., Sept. 24.—With returns from yesterday's primary election almost complete, United States Senator Walter E. Edge tonight had a majority over National Committeeman Hamilton of Keen, his opponent for the Republican senatorial nomination.

REPRESENTATIVE HILL INDICTED BY GRAND JURY

Action Comes As Re- sult of 2.75 Per Cent "Cider Party"

BALTIMORE, Md., Sept. 24.—Representative John Philip Hill was today indicted by the federal grand jury on a charge of manufacturing and unlawfully possessing wine and cider at his home here and with maintaining a public nuisance thereby.

The incident which counts six counts, is a result of his avowed efforts during the past two years to obtain a definition of the term "non-intoxicating cider and fruit juices" in section 29 of the Volstead act. Mr. Hill contended that under it farmers were allowed to make cider with an alcoholic content of more than one-half of one percent, while city dwellers were restricted to beer of just that percentage. In September 1923, Representative Hill manufactured fruit wine at his residence after notifying Prohibition Commissioner Hayes of his intention and requesting that he be informed when to stop fermentation. Following this, a temporary injunction upon his home was secured.

No date, however, has been set for a hearing on the petition of District Attorney Woodcock for a permanent injunction.

Experimenting again, Mr. Hill several weeks ago decided to make cider. He did so from apples grown on his property, he said, and allowed it to attain an alcoholic strength of 2.75 percent. This cider was served to several hundred friends at a "party" last Saturday night and the indictment today is the outcome.

The congressman has not been arrested and will not be, federal authorities said, until the day of his trial, as they are certain he can be found whenever they want him.

When informed of the grand jury's action today, Mr. Hill expressed himself as "delighted."

"At last I have forced action and we shall now get decisions on Section 29 of the Volstead act, which I have been demanding for more than two years," he said, adding that he was ready at any time to stand trial.

WOMAN'S MAIN WORRY IS OVER HER BOYS

MOUNT ERNON, Ill. Sept. 24. (AP)—Dr. H. A. Thompson, who has been treating Mrs. Elsie Sweeten, confessed poison-slayer of her husband, Wilford Sweeten and accomplice of Rev. Lawrence M. Hight, who is charged with having poisoned his wife, Anna, returned here tonight from the Salem, Ill., jail and reported her to be near a nervous breakdown.

Due to the strain of her experience during the past few days, Dr. Thompson's visit at the Salem jail was made at the request of C. C. Sweeten, aged father-in-law of the prisoner to discuss with her what to do with her three young boys. "My children, oh, my children," Mrs. Sweeten cried, according to Dr. Thompson when they were mentioned. "I wish I could see my children," was another crying plea she made during her conference with the physician, he said.

Mrs. Sweeten, Dr. Thompson continued, spoke only of her boys and did not mention the name of Rev. Hight, at whose instigation she confessed to have poisoned her husband in order that she could marry the clergyman. She also requested the physician to engage two attorneys for her defense.

GERMAN-ENGLISH TREATY FALLS THRU

BERLIN, Sept. 24. (AP)—Negotiations between Great Britain and Germany on the proposed treaty of commerce have collapsed.

The negotiations had been proceeding three days between representatives of the British board of trade and the German trade ministry. It was said that the negotiators found it impossible to discover a common basis for the proposed trade treaty.

Strict secrecy was maintained on both sides, but it is believed the main reason for the break down of the discussions was the German refusal to grant concessions Great Britain demanded respecting the exemption from taxation of British goods exported to Germany. On these goods, under the new German tariff now in course of preparation virtually prohibitive duties will be imposed.

CHEKIANG COMMANDER STRENGTHENS LINES WITH NEW ORDNANCE

Manchurian Leader Reported
Using Air Forces
Bombarding

SHANGHAI, Sept. 25. (AP)—A midnight movement of the invading Kiangsui army in the Kiating area, northwest of Shanghai, resulting in an unimportant action was reported early today at Lungwha, headquarters of the defending Chekiang forces.

Lu Yung-Hsiang, the Chekiang commander, sent two thousand additional troops to the front, strengthening the lines generally with new ordnance, including two anti-aircraft guns.

The situation in Shanghai is unchanged.

TOKIO, Sept. 25. (AP)—A communique issued by Chang Tso Lin, the Manchurian leader at war with the central government at Peking claims that his air forces bombed the enemies headquarters at Shanhai-kwan yesterday morning, destroyed a hotel in which the headquarters is located and killing many according to the Nichi Nichi's Mukden correspondent.

The communique also claims that Manchurian airplanes bombed a train arriving at Shanhai-kwan from Peking wounding several of the passengers. The Hoshi's Mukden correspondent says Chang's fifth army composed mostly of Mongolian troops, drove back the central government's troops near Shanhai-kwan on the Chihli-Manchurian border.

A special dispatch to the Kousai News Agency from Mukden quotes one of Chang's staff officers as saying that the Manchurian leader has eighteen airplanes at the front with over 1,000 bombs including 400 pound ones. He claims that hundreds were killed when the train was bombed at Shanhai-kwan yesterday thirteen airplanes taking part in the raid.

NEW ZEALANDER SAYS AMERICANS WILL NOT SIGN PRESENT PLAN

May Finally Enter League
Of Nations If Changes
Are Made

GENEVA, Sept. 24. (AP)—If the league of nations wants to conserve the hope that America may some day rally to the protocol of arbitration and security it is now trying to get adopted, then the drafting committee must not make the sanctions provisions too binding. This warning was voiced by Sir James Allen, of New Zealand, before the disarmament commission this evening at the close of a rather fruitless day of wrangling over the details of the protocol text.

Speaking from the British dominions, Sir James said they would regard a moral obligation to lend aid to any attacked state as far more binding than any mere legal obligation and that they were up to America would feel the same way if the protocol were put up for their ratification.

If the jurists in the league commissions persisted in framing a text which would tie the hands of the member states unduly as regards bringing sanctions to bear he declared that New Zealand would have to make serious reservations as he indicated that the other dominions might well do likewise.

LAKE STEAMER IS FIFTY HOURS OVERDUE

CLEVELAND, O., Sept. 24. (A. P.)—The whaleback steamer Clifton, formerly the Samuel Mather, bound from Sturgeon Bay to Detroit, with twenty five on board, is more than fifty hours overdue in Lake Huron, officers of the Progress Steamship company of Cleveland and her owners announced tonight.

Nothing has been heard of the freighter since 10:10 Sunday morning when she passed Mackinaw. Under favorable conditions she should have reached Detroit Monday night but a fifty six mile gale swept Lake Huron from the southwest Sunday, shifted to the northwest and was blowing hard Monday, and many large vessels were 24 to 36 hours late in Lake Huron and lower Lake Superior.

The Clifton was loaded with stone.

MADDER SUGGESTS BETTER
MEN BE ELECTED

Chicago, Sept. 24.—"Citizens can best serve their government by making politics the most respectable calling in the world," Congressman Martin B. Madden of Illinois said today in addressing a meeting of manufacturers under the new German tariff now in course of preparation virtually prohibitive duties will be imposed.

"We congressmen are your agents. If you are indifferent the country runs wild, there is extravagance, waste and corruption. Elect men of character, integrity and experience to guard the country's interest. Mere fault finding creates suspicion."

DR. NORBURY ADDRESSED MEDICAL SOCIETY

Dr. Frank C. Norbury has returned from Gillespie where he was the guest of the Macoupin county medical society and delivered an address on "Personal and Its Disturbance." He took the Loeb-Leopold problem case as his text.

It is interesting to know that Dr. Norbury recently declined the request to appear as medical expert in the Warren Lincoln murder trial to be held in Geneva in October. Back in 1919 Warren Lincoln was seen professionally by Dr. Norbury.

ROBBERS UNDER BOND HERE ARE AGAIN IN TOILS

Bandits Who Looted East End Held For Killing Sheriff

COLLINSVILLE, Ill. Sept. 24.—Tracks left by automobile tires of a distinctive tread and the keen eyes of three youths who followed the trail after bloodhounds had missed it, led to the capture of five young men who are held in jail on a charge of having shot and killed Sheriff Garrett Groomer, of Warsaw, Mo., Sunday night. Details of the chase from Warsaw to Florence, Mo., and down thru Illinois to this city were made known by the police today.

According to Deputy Sheriff C. W. Wellhall of Benton county, Missouri, residents of Warsaw are awaiting the return of Paul Ryan, Irvin Bennett and Burt Webster who are credited with having successfully pursued the five prisoners. Sheriff Groomer was shot and killed when he entered a warehouse at Warsaw which had been broken into by thieves. A youth who had seen the five flee described them as "looking like cowboys."

When the five youths were picked up here they were garbed as picturesquely as were the road agents of fiction in former years. Four wore green or white sombrero hats with wide brims, colored flannel shirts and snake belts to which they had strapped their revolvers. Despite their decided western appearance four of the youths gave Peoria, Ill., as their home. The prisoners gave their names as follows:

Albert Defenbaugh, 24, alias Frank Evans; Harry Defenbaugh, alias Harry Harms, 27; John T. Ross, 26, and A. B. Harris, alias C. B. Allen, 21, all of Peoria.

The fifth said he was from Emporia, Kan., and gave his name as Ray J. Black, alias R. J. Hunt.

The prisoners were taken back this afternoon.

Blair, it was announced today by the police made a confession. He was the only one who would talk freely and he was said to have named the one who fired the fatal shot at Sheriff Groomer.

The other four, the police said, were rather reticent and said they had made a trip to Colorado for pleasure, and that they had bought the cowboy outfits in order to startle their friends when they returned to Peoria.

HAVE PEORIA RECORD

Peoria, Ill. Sept. 24.—Harry and Arthur Defenbaugh, brothers, and Charles Harris of this city, are well known to Peoria county officers, their names having appeared on criminal records here several times.

The Defenbaugh brothers were paroled two years ago after breaking into a suburban store. State warrants and a circuit court capias charge Harris with the theft of an automobile from Mrs. Frances Howard of this city. Harris left for Denver

SAVING TIME
The Wabash, the C. and A. and the Illinois Central are engaged in strife as to which can give the finest train and fastest service between Chicago and New York. Stakes have been set for some greater speed in the air service already established. One wonders sometimes whether or not all this saving of time really pays.

FAIRLY VALUED
A committee representing the farmers' organization after a full investigation found that the land of Morgan county is not assessed to high by comparison with property in Jacksonville, or by comparison with lands in some other parts of Illinois. It is a gratifying thing to find a condition that is considered generally satisfactory.

MILLIONS IN WAGES
The mining industry has been in a bad way for most of the year. However, in the first six months of this mining year the Peabody Coal Co., disbursed to miners thru its mines in the vicinity of Taylorville \$2,693,000. These figures are interesting as they show how important a place coal mining has in the industries of this state. The release of such a pay roll in a few months' time in one city is a tremendous addition to the volume of trade.

KEEP THE ORDINANCE IN MIND
It is the observation of one Jacksonville citizen that provisions of the traffic ordinance are not as well observed now as was the case a few years since. The statement may be true, for there is always a tendency on the part of the public to grow slack in the observance of such laws. This measure has improved traffic conditions in Jacksonville in a

very wonderful way and certainly every citizen owes it to himself and the community to help make the observance of the ordinance as nearly 100 percent as possible.

SAFE INVESTMENT IN CORN BELT
Talking about lands in the corn belt, Guy Huston president of the Chicago Joint Stock Land Bank, takes a hopeful view of the future, and believes that good land, wisely purchased now, will make money for the holders in years to come. Mr. Huston was speaking particularly of land in the corn belt, and points to the fact that the use of corn is constantly growing, while starch, sugar and other corn products are showing increased consumption both at home and abroad. This is especially worthy of consideration when it is remembered that some farmers feared that prohibition and the fact that corn was no longer needed for whisky making would keep corn prices continually low.

MANY ATTEND MERRITT CHICKEN FRY

The chicken fry given last night by the Ladies Aid society of the Merritt M. E. church was well patronized and proved a success in every detail. More than 250 persons were served during the evening, and practically everything in the line of eatables was disposed of. Consequently the ladies will have a substantial sum to add to their treasury. A musical program was furnished during the evening by the Jacksonville Merchants orchestra, and this feature contributed largely to the pleasure of the event. Mrs. Albert Jewsbury is president of the Aid society and she had an active part in the arrangements for the supper. Among others who were active in the affair were Mrs. George Hardwick, Mrs. Henry Kory, Mrs. W. D. Hitt, Mrs. Sam Snow and Mrs. Al Morris. About 50 Jacksonville residents drove to Merritt last night to partake of the fried chicken and other good things to eat.

SONNET

Since there's no help, come, let us kiss and part—
Nay, I have done, you get no more of me,
And I am glad, yea, glad with all my heart,
That thus so clearly I myself can free;
Shake hands forever, cancel all our vows;
And, when we meet at any time again,
Be it not seen in either of our brows,
That we one jot of former love retain.
Now, at the last gasp of love's latest breath,
When Faith is kneeling by his bed of death,
And innocence is closing up his eyes,
Now, if thou wouldst, when all have given him over,
From death to life thou might'st him yet recover.
—Michael Drayton.

STANDING ROOM ONLY

BY ALBERT APPLE

If you are alive in 1950, you will pick up a newspaper and read the announcement: "United States now has 150 million population." In 1974, the figure will have risen to 200 millions. So predict experts. Even then there wouldn't be any real over-crowding. The soil of our country can support a population of 300 millions without any more demand upon imported food than exists now, according to Department of Agriculture. Some optimists even claim that Texas could grow enough food to feed the whole world. Anyone who has traveled extensively in Texas is not apt to pick a quarrel over this claim.

These figures are especially interesting because scientists lately have been having a recurrence of the "over-population" fear that makes economists wear long faces periodically. This time, however, they are twanging a different string. There's not as much concern about adequate food supply for the future as there used to be. What the scientists fear now is rather a shortage of industrial power.

But when the crisis rises, there is always some one to step forward and solve it. Scientific agriculture — increasing the food yield of an acre — has been man's answer to the problem of increased food supply for large population. And power sources will be expanded and new ones opened up when needed. We still have the tides to harness for power, and the winds and falling water of rivers, not to mention sunlight now we need and the terrific power locked up in the atom.

Why is the population increasing so rapidly, not counting gains by immigration, inasmuch as big families are no longer the rule? The answer to this is that medical science has cut down the death rate among the young. The ravages of disease are being curbed in maturity as well as youth, further increasing the population. In the year 1830 the world had only 850 million inhabitants. Since then the population has doubled. Professor Ross estimates that in the year 2023, the world will have three and a half times as many people as now.

Former Resident Weds St. Louis Girl
Marriage of Joseph Topping to Miss Margaret Lyons is Solemnized.
The marriage of Joseph Topping, formerly of this city, to Miss Margaret Lyons of St. Louis was solemnized on Monday, Sept. 22. The ceremony was performed by Rev. Father McAtee at the Holy Innocence church in St. Louis at seven o'clock. The couple were attended by Miss Madeline Lyons, sister of the bride, who acted as bridesmaid and John Saigno, nephew of the bride served as best man. A wedding breakfast was served at the home of the bride, following the ceremony, which was attended by only the immediate relatives of the two parties. The groom is a son of Moses Topping, 464 South Clay avenue and is well known in the city. For the past two years he has been employed with the Atlas Tack Factory at St. Louis. The couple will reside in Normandy, Mo. Those from the city who attended the wedding were Moses Topping and the Misses Doloretta and Emma Topping.

FIFTY-THREE MILES OF WOOL CARPET
The wool used daily in the weaving of carpets and druggs by a New York manufacturer is equal to the shearing from thirty thousand sheep. The soft, rich coats of these animals are turned into the looms at the rate of 120,000 pounds every day. These and many other interesting facts were revealed recently through the publication of statistics concerning their mammoth mills at Yonkers, N. Y., by Alexander Smith & Sons Carpet Company, said to be the largest manufacturers of carpets and rugs in the world.

If all the wool used in these mills were reckoned according to the number of animals from which it is sheared, a year's output at the mills would represent the clip from 9,000,000 sheep—a number which would constitute herds beyond the imagination. For the manufacturing of all this wool into American-made carpets, and rugs, the energy and industry of 7,600 employees is devoted with a spirit of co-operation and craftsmanship resembling the loyalty given to his individual loom by the smaller weaver of bygone days.

MANY APPLES GROWN ON WINN FARM

Pike County Grown One of Most Successful Orchardists in the State—Also Carries on Several Farms on Extreme Scale

Beautiful for situation is Griggsville, in the neighboring county of Pike, its streets, business houses, residences and public buildings indicate thrift, enterprise and public spirit. An especial source of pride is the group of public school buildings. Among its wealthy citizens is Charles G. Winn, a successful farmer and fruit grower, a man who is a state authority on apples. Of sturdy New England stock he inherits the traits of his father who came west at an early day and entered much of the land owned by the family. Of his six children five survive, the youngest 63 years old.

Charles G. Winn owns an extensive farm which he manages, though he occupies a beautiful residence in the town. Though this is not a good apple year Mr. Winn can hardly complain as he will have something like 3,500 barrels to ship in addition to many to be worked up into cider.

His orchards are truly wonderful. Trees are laden with delicious fruit and and limbs are propped up to keep them from breaking. The gathering and shipping will occupy about two months and will employ a good sized force of men. This year Mr. Winn's principal markets are in Springfield and Chicago though he sells a few on the ground. Some of the time he ships a car load, about 160 barrels a day.

Apple Production
Regarding the producing of apples Mr. Winn says:

Timber up-land is best with natural drainage. Avoid low, level places where water may stand. Prepare the ground well before setting out the trees. Trees should be at least 40 feet apart and from one to two years old when put out. Cultivate the land the first five years and it is well to plow under some legume crops like clover or cow peas and later on fertilize with well rotted manure and nitrate of soda applied about the trees.

Trees will generally begin to bear at five to seven years and if well cared for so that they bear well should not remain more than 25 years. Trim carefully and spray against San Jose scale and the usual fruit enemies.

Mr. Winn sprays five times a season. The varieties he likes are for fall Maiden Blush, Yellow Transparent, Benona, Later, Jonathan, Grimes Golden. For winter, Ben Davis, Missouri Pippin, Willow Twig, Winesap, Starks Delicious, Gano, Menckler, Red Akin and others.

For San Jose scale he sprays early and late. He uses a lime and sulphur solution sold already to use and also arsenate of lead. He keeps a constant fight against blotch, scab and scale. He has seen the highest prices paid for Willow Twigs but while they thrive in his locality they will not do well everywhere. He has seen them bring as much as \$6.00 a bushel.

He doesn't think much of peaches as a market crop. They are uncertain and hard to handle when producing well. He has a little patch of 200 acres of fine Reid Yellow Dent corn. He bought the seed of C. A. Rowe of this county and already his whole crop is safe from frost and will yield 55 to 65 bushels to the acre and he will be able to gather one to three thousand bushels of choice seed corn. He was fortunate in having weather that enabled him in the spring to get ahead of the weeds and his fields are clean.

WITH THE SICK

Glenn Skinner has been detained from his duties at the post office because of illness.

are actually being worked out, he
declared in an address here to-
night.

Mr. Allen, who recently
returned from a trip thru the
countries he mentioned spoke be-
fore the members of the Advertis-
ing Specialty association in con-
vention here.

Mr. Allen predicted a speedy
improvement in Germany as the
response of that people to the

**SAYS COLORADO
FARMERS SATISFIED**

Chicago, Sept. 24.—Dr. Hubert
Work, secretary of the Interior,
visited the Republican national
campaign headquarters here to-
day on his way back to Washing-
ton from his home in Colorado.

He brought with him the word
that farmers "in Colorado are
getting \$12.50 for alfalfa in the
stack. Their other crops are
good and they will get good
money for them."

The things that are appealing
to the voters in Colorado, said
Dr. Work, are:

President Coolidge himself, his
personality and his administra-
tion and the economy in the
operations of the federal govern-
ment, particularly as reflected in
the reduction of taxes.

tral committee, attended the big
political meeting held recently at
Mt. Vernon, the home of Sec-
retary of State Louis L. Emmers-
on. The list of speakers included
Governor Small and the other
state candidates, and it was one
of the biggest political gatherings
that has been held in southern
Illinois in many years.

People drove from great dis-
tances and there was a huge
crowd and plenty of enthusiasm.
The assemblage was more notable
from the fact that in political his-
tory the present campaign carries
the prize for quietness.

DEATHS

Walters

The death of Mrs. Mary Wal-
ters of 1338 South Main street oc-
curred yesterday afternoon at 3
o'clock following an extended ill-
ness. Mrs. Walters has been a
resident of Jacksonville for a pe-
riod of ten years removing to this
city from Shelbyville, Ill.

She was born on Feb. 17, 1866,
in McArthur, Ohio, a daughter of
David and Susanna Evans. On
Sept. 30, 1890, she was united in
marriage to Charles B. Walters,
who preceded her in death Sept.
7, 1905. She leaves to mourn her
absence, one son, Frank A., of
this city and one daughter, Miss
Leah at home. She is also sur-
vived by three sisters, Mrs. John
Campbell, Monroeville, Ind.; Miss
Harriet Evans, Lakewood, Ill.,
and Mrs. S. H. Evans, Shelbyville
and three brothers, John A. Ev-
ans, McArthur, Ohio; J. F. Evans,
and Albert Evans of Lakewood.

Mrs. Walters took a great inter-
est in church affairs and at the
time of her death was a member
of Brooklyn M. E. church. She was
a member of the official board of
the church. For ten years she had
held the position of diet cook at
the Jacksonville State hospital.

The remains were removed to
the funeral parlors of A. G. Cody
and brief funeral services will be
held Sunday afternoon at the
home in charge of Rev. G. W.
Randle and the remains will be
taken to Hamden, Ohio for inter-
ment.

**MAWSON SALE RESULTS
SATISFACTORY PRICES**

Murrayville, Sept. 24.—The public
sale held by R. D. Mawson today at
his farm south of here was well at-
tended and articles offered for sale
brought satisfactory prices. It con-
sisted of a clean-up sale of surplus
livestock and implements and totalled
about \$1,250. Mr. Mawson and fam-
ily have moved to Murrayville where
they will make their home.

L. G. Crouse was the auctioneer at
the sale and W. E. Wright was clerk.
Lunch was served on the grounds by
the Murrayville Domestic Science

**POSTAL SERVICE BULLETIN
URGES CARE IN MAILING**

The current issue of the Postal
Service Bulletin contains a number of
suggestions, which if carried out, will
result in better mailing service to the
patrons.

A paragraph quoted from the Third
Assistant Postmaster General calls
attention to the fact that previously
used postage stamps, special delivery
stamps, address labels, must be re-
moved from reused mailing cartons,
boxes and other containers before
they are again accepted for mailing.

Another paragraph urges that the
use of small-sized greeting cards and
envelopes be discontinued during the
holiday seasons. Small sized cards
and envelopes frequently cannot be
run thru the canceling machines, nec-
essitating cancelling the stamps by
hands and other extra handlings in
the course of facing distribution, etc.
thus retarding and disarranging the
work in post offices.

**FAMINE REPORTED
IN PHILIPPINES**

Washington, Sept. 24.—The
Philippines Chapter of the Ameri-
can Red Cross at Manila, report-
ed in a cablegram received here
today that it is rendering emer-
gency relief in the provinces of
Pangasinan and Tarlac, where
famine has affected nearly 40,
000 persons. Large supplies of
rice and food necessities, together
with medical supplies are being
rushed to the affected provinces
and the measures undertaken are
expected to be sufficient to meet
the wants of the famine areas un-
til the new crops are harvested
less than a month from now.

**COUNTY CLERK RIGGS TO
FURNISH BASEBALL NEWS**

That baseball fans of the city and
county may get red hot news from
the diamonds upon which the world's
series will be played beginning Oct.
4, County Clerk George L. Riggs will
install his radio set with loud speak-
er at the court house. The set will
be installed so that a large number
of fans may take advantage of the
baseball news. No doubt a large au-
dience will be "listeners in."

PHILIP BECKER HAS LIVED MANY YEARS

Long Time Resident of City Will
Be 80 Years Old Today—Re-
calls Early Days in Jacksonville
History

Philip Becker, who has been a
resident of Jacksonville for a
great many years, will observe his
eighty-ninth birthday. Mr. Becker
who learned the trade of a cabinet
maker in his home land of Ger-
many, followed that line of work
thru many long years and has
seen Jacksonville develop almost
from the beginning.

As he starts his ninetieth year
today Mr. Becker, who makes his
home at 331 East Chambers
street, is still vigorous mentally
though not as strong as was once
true.

Mr. Becker was born in 1835 at
Coblentz on the Rhine. As a boy six
years old he entered the school there
for a period of eight years training.
His mother died when he was a
child, so that he was much under the
care of an older sister in the family
of nine. When 15 years of age he was
apprenticed to a cabinet maker and
took four years of training. Shortly
after completing the apprenticeship
he decided to come to the land of
opportunity, America, and he had
the approval of his father in this course.

The trip to America began on the
River Rhine, when he sailed to Rot-
terdam and then over the North Sea
to London. Shortly after, with others,
he went to Southampton and then
the real journey across the sea began.
There were a thousand passengers on
that sailing craft and it took just 30
days to sight the New York harbor.

Rejoiced at Sight of Land
Mr. Becker well recalls how great
was the jubilation when the pas-
sengers got their first view of land
after spending so many days on the
water. He stayed in New York but
a day and then by way of Albany
and Buffalo continued his journey
toward the west.

After reaching Chicago he and his
fellow travelers went by rail to La-
Salle, then to Bloomington, Spring-
field and finally to Jacksonville. This
city had been selected as the destina-
tion because he had cousins resident
here.

The rail journey from New York
took a number of days as many stop-
overs were necessary and Mr. Becker
remembers to this day that immi-
grants were not received with espe-
cial kindness and little was done
to help them along their journey. Mr.
Becker's first job after coming to
Jacksonville was as a painter. Soon
he found employment with Mr. Har-
rison, an undertaker who had an es-

had administered the poison to
her husband in his food.

Nashville, Ill., Sept. 24.—
"Mrs. Sweeten and I are sweet-
hearts and will continue to be
until death parts us," the Rev.
Lawrence M. Hight, who has
confessed that he poisoned his
own wife and that he instigated
the poisoning of Wilford Sweeten,
husband of the imprisoned
woman said tonight. He was
brought here from Mount Ver-
non jail yesterday.

"I deplore the terrible deed,"
answered the clergyman today
when he was asked whether he
felt any reaction since his arrest
and confession.

"I deplore it on account of
my three children, my other re-
latives and a host of friends.
Needless to say that I wish I
could recall my deed."

The clergyman then related the
circumstances surrounding the ill-
ness of his wife caused by meat.
"She suffered an attack of pto-
maine poisoning," he said, "and
for a while was very ill but re-
covered soon." To relieve her
pain, he added, he gave her poi-
son, and then he conceived the
idea of carrying out his end of
the poison plot to which he con-
fessed last Monday morning in
jail at Mount Vernon.

"What was left of the poison
I gave to Mrs. Sweeten. I do not
know what she did with it," he
said.

Rev. Hight converses frequent-
ly with other prisoners, but only
refers to the cause of his im-
prisonment when asked about the
alleged poison plot.

Used Kellogg's Bran 2 months—constipation gone after suffering 3 years

Three years of suffering with constipation. What happiness was his when Kellogg's Bran, cooked and crumbled, restored his health. But read his letter.

"Dear Sirs:—This is what I think of your crumbled bran. I would not be without it for anything in the world. For three years I used all kinds of medicines for constipation, and only got temporary relief. I was advised by a doctor to use Kellogg's Bran, and since I began using it I don't have to take pills or anything else. I have used it two months, and my constipation has left me. I feel better now than I have for three years."
(The original of this letter is on file at the Kellogg Company, Battle Creek, Mich.)
Kellogg's Bran brings results because it is ALL bran. You can't fight constipation with halfway mea-

asures—with bran which are only part bran. It takes ALL bran to be 100 per cent effective.

Because Kellogg's Bran is ALL bran it sweeps, cleans and purifies the intestine. It acts naturally—just as nature acts. It stimulates the intestine and makes it function regularly. It is guaranteed to bring results, or your grocer will refund your money.

Kellogg's Bran has a delicious nut-like flavor. Quite different from ordinary, unpalatable bran. You will like it as a cereal, sprinkled on other cereals, cooked with hot cereals, or in the recipes given on every package.

Eat two tablespoons of Kellogg's Bran every day—in chronic cases, with every meal. Made in Battle Creek, Sold by all grocers.

State street, was very informal, and included the recounting of summer experiences by the members, and social entertainment.

Entertains Members Of West Side Bridge Club
Mrs. Thurman Haskell entertained at her home at 623 West College street yesterday evening, with the members of the West Side Bridge Club as guests. Mrs. Haskell was assisted by Mrs. L. F. O'Donnell, Mrs. Edward Doolin and Miss Theresa Deutsch.

Several tables at bridge were played, and the evening concluded with the serving of refreshments.

B. L. Society Hostess At Slumber Party
Belles Lettres Society of Illinois College entertained guests with a Slumber Party, as the opening of two weeks festivities for Rushing at the College Tuesday night.

The evening's entertainment was informal, and included the serving at midnight, of a two course luncheon.

Buffet Supper Opens Phi Nu Rushing
Twelve Rushes were charmingly entertained as the guests of the Phi Nu Society of the Illinois Woman's College, which opened its Rushing with a Buffet Supper and Dance given in the Phi Nu Halls Tuesday night.

Following the supper, the guests enjoyed dancing until the close of the evening. Miss Gwendolyn Schroyer, as Rush Captain, and Miss Irene Fruit, President of the Phi Nu Society, were presiding hostesses.

The guests of honor included Misses Cecil Potter, Marian Prout, Wilma Webster, Rosalie Byland, Aileen Barry Vona Cleveland, Lucille Crawford, Eleanor Grange, Helen Grant, Elizabeth Long, Hazel Melmes and Anna Lois Mitchell.

Lambda Entertains At Tea Tray
Lambda Alpha Mu Society of the Illinois Woman's College opened its two weeks of Rush festivities with a "Pirate Party," which was given at the Tea Tray Tuesday evening.

At six o'clock, an elaborate dinner menu was served. The tables were beautifully appointed, and centered with a large brown, treasure chest from which ribbon streamers were attached to the place cards. Upon drawing the treasure, the guests found it to be small date books containing Lambda dates for the remaining two weeks of Rushing.

The guests of honor included the following Rushes: Edna Byers, Alice Jane Uhl, Anna Mary Gottman, Margaret Burgess, Mary Virginia Wanderly, Rowena Baker, Gertrude Tompkins, Marian Chapman, Marjorie Chapman, Alice Baker, Helen Lawson, Mary Virginia Rosark, Tonette Cully, Alice Desay, Lucille DeSelm and Martha Gibbs. Miss Edith Hall, as Rush Captain, Mrs. Alice Aggar, as president, and Miss Lula Mae Johnson as Social Chairman, are the general committee in charge of the two weeks of Rushing.

Miss Thelma Bennett was chairman of the committee who planned the Pirate Party for the opening night. Hostesses of the Lambda festivities include the society members: Harriet McOmber, Dorothy Dean, Winifred Potter, Harriet Munson, Thelma Pires, Thelma Bennett, Lucille Morris, Mary Helen Hobson, Ruth Bishop, Carol Roark, Vivian Pires, Florence Kaiser, Louise Smith, Lula Mae Johnson, Alice Aggar and Edythe Hall.

Orleans Womens Club Meets With Mrs. Hendricksen
The Orleans Womens Club met Tuesday with Mrs. Louise Hendricksen. A part of the program was "What Sunday means in the Home?" and Mrs. A. C. Curry gave an account of "Illinois Industries." Because of the illness of Mrs. Scott the next meeting which will take place on October 7 and will consist of a musical program will be held at the home of Mrs. Frank Drury.

Legion Auxiliary to Honor H. G. Bradney
At the social meeting of the American Legion Auxiliary, which was held last night, in the Chamber of Commerce rooms, it was voted to give a reception in honor of Homer G. Bradney, who was recently elected as Grand Chef de Gare of the Forty and Eight. The husbands and families of the members of the Auxiliary and the members of the local order of Forty and Eight will be the guests at the reception. The affair will be held on Thursday, October 2.

A committee on arrangements was appointed consisting of Mrs. E. A. Litter, Mrs. E. J. Henderson, Mrs. George Siegfried and Mrs. Asa Robinson.

It was also decided at the meeting to hold a rummage sale and Mrs. Nina Caskins, Mrs. Harold Wright and Mrs. A. B. Applebee were appointed to make arrangements for this.

Announcement was made of a meeting of the Auxiliary posts of the 20th District which will be held in October in this city in the Odd Fellows Temple on East State street.

A hospital committee was appointed consisting of Mrs. H. G. Bradney, Mrs. Harris Simonds and Mrs. Clarence Ratachak. This committee was appointed in behalf of the ex-service men at the Jacksonville State hospital.

The members were exceedingly interested in a talk made by Mrs. Applebee on the Methodist Memorial in Chateau Thierry. She told the members of the work that is being carried on in this part of France and described the benefits which are being derived from it. At the close of the meeting refreshments were served.

DEATH OF MR. SARGENT RECALLS EARLIER DAYS

The death of George Sargent recalls to the writer an incident which Mr. Sargent related some years ago. When he was younger he was in charge of the station at Markham. It was only open in the day time and at night Mr. Sargent was permitted to disconnect his telegraph switch till he went on duty next day.

He said one evening, he never could tell why, he retired without disconnecting the telegraph instruments and about midnight he heard a frantic call from the operator at Chapin who had let a freight train go by. Then was the time the Cannonball, an especially fast train, went west after 11 p. m., and was due at Markham just about that time. Mr. Sargent said he rushed from his bed, lit his lantern and went out on the track just as the headlight of the fast train hove in sight. He lustily waved his light and the freight train engineer coming around the curve saw it at the same time.

The pilots of the two engines almost came in contact and when all was over Mr. Sargent said he was limp as a rag but a deadfall collision was averted.

At another time a heedless freight conductor pulled out too soon and when Mr. Sargent saw the receding caboose he took a flag and running down the track waved it furiously. Fortunately a man in the caboose pilot house saw it in time to run ahead and tell the engineer to stop and back up to the station.

BUSINESS ADDRESS HIGHLY APPRECIATED

Sam Davis Interests Audience in Practical Salesmanship Talk—Says Stocks Are Too Large and Turnovers Too Small.

"Too many specials are creating a list of bargain hunters who live off your profits," said Sam Davis, field secretary of the National Retail Shoe Dealers' Association, last night in addressing a group of local business men and clerks. He continued: "Merchants should aim for quality, not price in carrying on their business. We have learned to think more in terms of the goods sold than of the dollars represented in the stock. Merchants have been doing too little business with the amount of stock on their shelves. Only about a third of the stock in the average store has a rapid turnover, which means that two thirds of the stock is a liability on the shelves."

The speaker filled his address with peppy epigrams and pithy advice to merchants and salesmen. He had a small but appreciative audience, and at the close of his address, he was asked to analyze some of the sales experiences of his hearers. Those present were enthusiastic in their desire that Mr. Davis return for a more extended series of talks, so that more of the salesmen and business employees in the community could have the privilege of hearing him.

Mr. Davis first gave his attention to the merchants. He said in part: "We have been business guessers instead of business getters. Business is a science today, and science is a system of organized knowledge. If we don't know our business or do not understand the buying and selling of our goods, it may spell failure. It is our mistakes and the loss of opportunities that cost us money. Goods sold are well bought, and you make more money from the goods you sell than from the goods that are sold to you. If we as merchants subtract our inabilities from our capabilities and divide our responsibilities, we shall multiply our possibilities."

Talks to Salesmen
The speaker next devoted his attention to the clerks present. He called them "co-workers," saying that there was a triangle of trade with the owner, the co-worker and the customer at the apex. This triangle of trade rests on a foundation of confidence, and when a salesman uses the oldtime tricks of trade and deceives or misleads a customer, he is pulling bricks from the foundation.

"The salesman," said Mr. Davis "should be sold on his goods. He should lay emphasis on the smile, the good-morning and the thank you in dealing with every customer. There are diplomats and diplomats in salesmanship. The diplomat talks just enough to keep the customer interested and talking. The diplomat does not know when to stop talking; he often talks the customer into a sale and then talks him out of it. Salesmen, if you work by the clock, you will not earn the price of a watch."

During his analysis of a sale experience related by one of those present, Mr. Davis told of the three types of customers and explained how they should be handled. He said that there is the physical type with a nervous temperament, which requires quick handling. There is also the mental type, which must be approached from the standpoint of intelligence. Finally there is the heart type with an emotional side which must be appealed to. There are customers who know about the goods they want, and there are those who do not. The salesman who displays inferior knowledge of his goods will have trouble in immediately influencing the customer; while he who shows a superior knowledge can gain the customer's confidence. Mr. Davis illustrated his remarks profusely with practical experiences from store life and with many humorous incidents.

Mr. Davis was quite critical of newspapers in general and declared that they accepted money for advertising but didn't deliver the merchant all that should be true. His suggestion seemed to be that the newspapers should carry more matter about salesmanship in order that clerks in stores might have the benefit of this educational matter.

LOCAL YOUTHS RECEIVE
CHILDREN'S CRUSADE AWARD

Malcolm Greenleaf and George Lukeman Jr., who tied for honors in selling the largest number of Children's Crusade Merit Bonds in the State of Illinois in a contest which was recently held by the Near East Relief, received their money amounting to \$40 each last night.

The boys also received a gold children's crusade bond pin, because of the fact that they together, raised enough money to support a children's orphanage for one year.

FORMER LOCAL YOUTH VICTIM OF ACCIDENT

George Hopper Dies at Pittsburg From Wound Inflicted When Gun He was Cleaning is Discharged.

Harry Hopper of Hardin avenue has received word of the death of his grandson, George Hopper, at Pittsburg, Pa., as the result of accidentally shooting himself about a week ago. The young man, about twenty years of age, was the son of Mr. and Mrs. Harry Hopper, Jr., now of McCook, Neb. The family formerly resided in this city and George Hopper attended school here for some years.

The youth was attending an electrical school at Pittsburg at the time of the accident. He was cleaning a gun and was ignorant of the fact that the weapon was loaded. In some manner the gun was discharged and the bullet entered Hopper's breast just above the heart.

The father went from McCook to Pittsburg on receipt of word of the shooting and was with his son at the time of his death. He left Pittsburg yesterday morning taking the remains back to Nebraska for burial.

It is expected that Ed Hopper, uncle of the young man, will leave here shortly for McCook to attend the funeral.

CLUBS ORGANIZE AT LOCAL HIGH SCHOOL

Organization of the High school clubs and societies is under way, and the classes expect to complete the election of officers by the first of next week. The Dramatic club held try-outs last night to fill the 14 places left vacant from last year.

The election of class sponsors was completed with the appointment of Miss Lucille Struck, head of the English department, as Freshman sponsor. The upper classes have selected advisors as follows:

Senior class—Franklin Scott, head of the History department.

Junior class—Miss Mabel Ruyle, of the French department.

Sophomore class—Miss Della Thompson, of the Science department.

Faculty advisors for the clubs of the High school have been appointed as follows:

Dramatic club—Miss Meek.

Radio club—Mr. Aggar.

Science club—T. P. Carter.

French club—Miss Mabel Ruyle.

History club—Miss Irene Merrill.

Mechanical Engineers—Mr. May.

Treble Clef club—Miss Lena Hopper.

The re-organization of the Athletic association has been under way during the week, and a drive for new members is being made. John L. Mitchell, athletic coach, is faculty advisor of the association.

SALVATION ARMY SERVICES SUCCESSFUL

Revival services which are being conducted by the Salvation Army are continuing with success. Those who are attending the meetings are very much impressed with the services which are being conducted by Col. S. L. Brengle, internationally known Salvation Army evangelist.

Besides the regular addresses which are given each night at the Salvation Army hall Col. Brengle has made several extra appointments. Yesterday morning he spoke at the Illinois School for the Blind and this morning at 10 o'clock he will speak at the high school auditorium. At noon today he will speak to the Kiwanis club and tonight at 6 o'clock he will address the Lions club.

Friday morning at 9:50 o'clock he will speak at Illinois college and at noon will address the Rotarians.

PROGRESS REPORT AT MASSONIC MEETING

The Captains and members of the teams which are soliciting funds for the new Masonic Temple were served with a banquet last night at the Masonic Temple on West State street, by the members of the Eastern Star.

Reports were made which were very encouraging to those present. Another supper will be served this evening in the Masonic Temple at 6 o'clock.

START POURING CONCRETE AT INCUBATOR BUILDING

The work of pouring concrete for the foundations of the new incubator industrial building on N. Main street has begun. The old house which stood on the lot has been removed and the building is now expected to go up rapidly. It will probably be completed so that the newly organized Jacksonville Clothing Co., can occupy it by the first of the year.

Miss Lydia Hunt arrived home Tuesday evening after an extended trip through the west. She spent sometime in Los Angeles and Santa Barbara, Cal., and at Tucson, Ariz.

Miss Fannie E. Griswold of White Hall made a business trip to the city yesterday.

There is a good deal of talk about buying made in Jacksonville goods. We are showing a larger line of J. Capps & Sons suits and overcoats than ever. Let your next overcoat be a Capps Coat, on sale by Tomlinson & Son.

PUBLIC FIGURES ON TYPHOID SITUATION

City and County Cases on Decrease, but Menace Is Not Removed—Pasteurized Milk Discussed

During the first nine months of this present year, there have been a total of nine cases of typhoid fever in Jacksonville and Morgan county, according to figures given out by the health department. Seven of these cases have been in Jacksonville and one case exists here at the present time.

Two cases are now present in the county outside the city. Both are in one family, whose members have been using water from an open well. The water from this well was recently analyzed at the state university and found to be highly contaminated.

There were 24 cases of typhoid in the county during 1923. Although the number seems to be decreasing, the health department is unable to guarantee the city and county immunity from the dread disease. There are conditions that must be remedied before this can be done, or before typhoid will cease to menace the community.

Safeguarding the Milk

In 1921 Boston reported 90.17 percent of its milk supply pasteurized. The campaign for better and safer milk has been constantly waged, however, and in March, 1924, Boston's milk regulations were amended by requiring milk to come from herds that had been accredited by the federal government or herds that are on the way to being accredited. Accredited testing is the highest standard of tuberculin testing, and does not simply mean a yearly test.

The bacterial standard was reduced from 500,000 to 100,000 per cubic centimeter. This meant more pasteurizing plants. On July 15th, 1924, Boston reported a 96.72 percent pasteurized supply. In 1921 the average percent of pasteurized milk in the first ten cities of the United States was 95. Since then the percent has increased.

While it is just as essential that the small cities have pasteurized milk to safeguard against milk borne diseases the fact remains that they do not. In 1921 only one-third of the cities, between 10,000 and 25,000 population had half of the milk pasteurized. Forty percent had no pasteurization.

At the present time Jacksonville has about 30 percent pasteurized milk supply. It is safe to say that no community with a vendible milk supply can have ideal health conditions unless with other things its milk supply is safeguarded by pasteurization.

PUBLIC SCHOOL CLINIC HOLDS EXAMINATIONS

The Jacksonville public school clinic was held yesterday morning in the clinic rooms at the Josephine Milligan School, 11th Dr. Tripper, Superintendent of Oak Lawn Sanatorium, as examination physician.

This is the second public school clinic to be held this year, and until the urgent cases within the schools have been taken care of, the clinics will continue to be held every Wednesday.

About eleven children were examined yesterday morning. The clinics are held as a means of checking up on the physical condition of the students, some of whom are recommended to enter the Josephine Milligan Health School, the recommendation depending primarily on the result of the examination and the possibility of the student to improve under the treatment of the health school, and secondarily, on the willingness of the parents to cooperate in regard to the matter.

WAVERLY MEN CHARGE WITH VANDALISM

Walter McCready and Walter Hall, both of Waverly were released on bond in Justice C. O. Bayha's court yesterday following their arrest on Tuesday night on a charge of Vandalism. The complaint was made by S. L. Roades, also of Waverly and they are charged with cutting the spark wires on a tractor, which was in use on the road near Waverly.

GIANTS TAKE SECOND GAME FROM PIRATES

McGraw's Make-shift Team Again Covers Itself with Glory—Smith Gets Two Homers—Score 4 to 2

NEW YORK, Sept. 23.—The New York Giants today sent Pittsburgh down to defeat for the second successive time, 4 to 2, in a crushing and probably decisive blow to the pennant hopes of the Pirates, who are now three and a half games behind the champions. They have a slim chance only to catch the leaders. The make-shift team, with which John McGraw is making his last stand again covered itself with glory. Behind the fine twirling of Virgil Barnes, the Giants played in sparkling fashion.

Pittsburgh outlived the Giants for the second straight day but again they failed to make their blows count with the exception of Earl Smith, who accounted personally for the invaders' brace of tallies with smashing home runs to the right field stands on successive times at bat in the seventh and ninth innings. Wilson scored the first run for the Giants with a clutch drive to right field in the fifth, and Bill Terry, substitute first sacker, came thru with a telling single in the sixth, scoring Lindstrom with the second run after the Pirates had purposely passed Irish Meusel to get the result. The Giants then scored three runs in the sixth and clinched the game.

Earl Y. Young, left-handed starter for the Pirates but retired after the bombardment in the fifth and sixth, and Johnny Morrison finished the game.

It was only the third defeat Yde has suffered this season, against a record of 15 victories, and it was the first setback at the hands of the Giants.

CUBS DROP FINAL OF SERIES TO DODGERS

Alexander is Pinned in Fourth Inning After Brooklyn Scores Four Runs—Final Count 6 to 5

BROOKLYN, Sept. 23.—Brooklyn won the final game of the Chicago series today 6 to 5. Grimes went the route but was always in difficulty, the Cubs making thirteen hits, including a home run by Adams. Grimes pulled himself out of several tight holes by fanning the third man to retire the side. Faultless field helped him at other times.

Alexander started for Chicago, but was taken out in the fourth after the Dodgers had scored four runs, three in the second on three errors and two outs and one in the fourth on a pass to Loftis. Grimes and Highs sacrificed. Pinch hitters and new pitchers followed rapidly. Wheeler was charged with the defeat when Brooklyn scored two runs off him in the seventh after his team had tied the score.

High opened the seventh with a triple and Mitchell walked. Wheat's scratch hit sent in High and two force outs scored Mitchell.

ZUP SKILLFUL IN PICKING AIDS

URBANA, Ill.—Although most of Coach Bob Zupke's success as a builder of formidable Illinois football teams is due to his own ability as a strategist, he backs this up by picking assistants who are no "slouches" themselves at the game.

The latest additions to his corps of coaches are Dave Wilson, captain of the 1922 football team and end of no small fame, and Milt Olander, who played tackle for three years for Zupke, graduating in 1922. Paul Stewart, captain of the 1923 Illinois baseball team and one of Landgren's best third basemen, has also been added to the staff of coaches. He will arrive this fall to take up his duties as freshman baseball coach and instructor in athletic coaching.

Wilson will take the place of Claude Rothgeb who is going to coach football at Texas A. and M. college. Dave turned in a successful year last year as coach of the Appleton, Wis., high school where he won three-fourths of his games. He is helping Zup by watching the play of the ends.

Olander succeeds Burt Ingwersen, now head coach at Iowa. Milt spent two years as football coach and instructor at Western State Normal school at Kalamazoo. He will follow the same method of freshman instruction as adopted by Ingwersen and already has more than 60 aspirants out for the work—with school not starting until Monday. He will use a "no-out" system. He is being assisted by Harry Camage, a coaching school student.

Stewart is taking the place of Ingwersen who also coached the freshman varsity baseball team. "Stewie" had a good season with Bloomington in the Three I League before coming back to Illinois and was mentioned several times as big league material. He dropped his chances there to come back to Urbana to coach and teach.

Zup still retains the services of Justa Lindgren, one of the Illinois' best linemen, whose special work is to build a line that will "hold 'em". E. E. Beag as his specialty the work of drilling the men in fundamentals and is one of the closest students of the game that has ever come to Illinois. "Matt" Bullock is trainer for the squad.

SOX LOSE ALL OF SERIES TO SENATORS

Winners Bunch Hits in Three Innings And Take Final Contest by Score of 6 to 3.

Chicago, Sept. 23.—Washington closed its American season here today by taking the final game of the series from Chicago 6 to 3, and making a clean sweep of the series. The victory enabled them to retain their two game margin over the Yankees, who shutout the Indians. The league leaders bunched their hitting in three innings off Hollis Thurston, White Sox ace, and by playing sensational ball behind Zachary had little trouble staying out in front. Sam Rice continued his record of safe hitting by getting a blow in the opening inning. He has now hit safely in thirty one consecutive games.

The Senators travel tomorrow and have four more games to play with Boston.

YANKS TAKE THREE IN ROW FROM INDIANS

Both Teams Get Equal Number of Hits but Red Base Running Spells Defeat for Cleveland—Score 2 to 0

CLEVELAND, Sept. 23.—New York made it three straight from Cleveland today, winning 2 to 0. While Cleveland batted Jones as hard as the Yankees did Uhle, each making nine hits, bad base running by the locals spoiled a chance to score in the seventh while a double play killed them off in the ninth when they had the bases filled with only one out. Uhle's pitching was so effective the Yankees scarcely threatened until the seventh when they scored the only runs of the game.

With one out Meusel lifted a pop double to short center that fell safely between Summa and Fawcett. Ward followed with a low liner to center. Summa tried to make a shooting catch and the ball went by him for three bases, Meusel scoring.

Scott's bounding single thru the infield scored Ward. It was the only inning in which the Yankees made more than one hit. Score: New York—AB R H O A E

CLASSIC PLAYS OF THE GRIDIRON

Harley's Great Run And Kick Started Ohio State's Campaign For Stadium

BY DR. J. W. WILCE

Eighty thousand people had wedged into the mammoth concrete horseshoe from "cork" to "cork" it pulsed with humanity. Bands played. Flags and pennants went up. Machine guns barked in salute. A football appeared. The teams lined up. A whistle. The kickoff. And the Ohio Stadium was dedicated. There you have a staccato picture of one never-to-be-forgotten October afternoon in 1922.

Now let's turn to another October afternoon in 1916. The scene is Illinois Field, a morass of mud. Two minutes of a bitter struggle remain. Illinois clings to a six-point lead, the result of two accurate kicks. But Ohio, the as-yet unsung babe of the Western Conference, was threatening. A long forward pass from "Chic" Harley to End MacDonald had carried Ohio from its 20-yard line to mid-field and a succession of short tosses, in which the martyred aviator, Fred Norton, figured prominently, made it fourth down with three yards to go on Illinois' 13-yard line. Then came a great play.

Again it was Harley back, with the option of passing or running. Illinois' right end charged in a few steps, then dropped back. In that instant Harley decided what to do. He faked to pass, then ran to the left. Two teammates going to the left as possible pass receivers blocked the defensive end and right halfback. Harley outran the fullback, straight-armed the defensive right end, who had been only partly blocked, straight-armed the safety man and dove for a touchdown in the extreme left corner of the field. The winning point kicked on the success of the free kick, from a difficult angle to the left of the goal posts. Harley was not thru thinking. He called time, asked for a clean right shoe to replace the mud-heavy one he had on, then made good the goal—and game.

That play, though no one knew it at the time, was the genesis of the movement for the Ohio Stadium, a movement that gained impetus and finally crystallized into an active campaign and the great movement pictured in the first lines of this story as Harley repeated with variations his exploits of his first Western Conference game, Ohio continued to win games and public enthusiasm ran high.

So you see the far-reaching effects of a thrilling play, particularly several seasons of them, may have.

CHAMPS SURVIVE IN SECOND GOLF ROUND

ARDMORE, Pa., Sept. 23. (AP)—Experience counted in the second round of the National Amateur Golf tournament today. The eight survivors comprise a former open champion, the interior collegiate champion, two former amateur champions, one of whom once held the open title; two former trans-Mississippi champions and former New York state champion.

Francis Outmet defeated Eddie Held in this match.

Max Marston of Philadelphia, who is defending his title defeated his fellow townsman, J. Wood Platt, 7 to 5.

George Von Elm, former trans-Mississippi champion, formerly of Salt Lake City, but now representing the Rancho Club, of Los Angeles, defeated Lawson M. Watts of St. Louis 6 to 4.

E. H. Driggs, Jr., of New York, former state title holder eliminated C. H. Paul, also of the Metropolitan district, 6 and 4. Tomorrow's matches will be: Jones vs. Knepper. Outmet vs. Gullford. Cummings vs. Marston. Von Elm vs. Driggs.

FRED STEWART SIGNS AS ASSISTANT COACH

Began Work on The Hill Yesterday Evening—Will Prove Great Help to Harmon in Handling Unusually Large Squad.

Yesterday Fred Stewart, a former star on the Blue and White team, signed as the first assistant coach, which Illinois College has ever had. This move was authorized several days ago and the offer was made to Stewart, but his final answer was not given until Wednesday.

Stewart immediately started to work at Illinois yesterday evening, thus taking an immense burden off the shoulders of Coach Harmon, as a squad of fifty-nine candidates is entirely too much for one coach to handle satisfactorily. The Hilltoppers had four full teams lined up, besides a great number of extra men, and after running signals for a time under the instructions of Harmon and Stewart, the teams were sent against each other in practice games. Most of the old-timers were placed on one team, and they found plenty of opposition when they tackled one of the other teams, showing that in a pinch Illinois has a world of substitute material which can be used to good advantage, after they have had more drill and instruction.

Coach Harmon has secured exactly the right kind of assistant in Stewart. His assistant knows his style of play and will co-ordinate on the field nicely. He not only knows his stuff, but is willing to get in and mix it whenever necessary to properly illustrate a play or formation. With this additional help, by the time the second game of the season, that at Alton with Shurtleff, on October 4th, the Blue and White should be moving along nicely, and their admirers here at home are going as far as to predict a victory next Saturday against Lincoln on the home grounds.

VARSITY SHOWN UP BY SECOND ELEVEN

URBANA, Ill., Sept. 24. (AP)—With the varsity seemingly dead tired thesecond gained almost at will on the illhi today. Brown, freshman back last season getting his initial chance in scrimmage, tore thru the tackles for gain after gain until a charley-horse caused him to be taken out. Jenks, substitute back, then took up the task and carried the ball over for a touchdown. After taking the ball back to the 15 yard line, the substitutes again took it over.

A pair of long passes, Grange to Kassel, gave the varsity their only long gains of the day.

NEW YORK, Sept. 24.—Stock
prices made further recovery in
today's market with sales exceed-
ing a million shares for the first
time in nearly three weeks. Easy
money rates and the circulation of
favorable political forecasts had a
bullish effect on sentiment.

The upward movement in to-
day's market embraced virtually
the entire list, although early gains
were modified in the closing
transactions. Two score issues
of which ten were public utilities
and six rails, broke thru their
previous high prices for the year.
The weekly steel trade reviews
reported a slowing up of steel
buying due to the abolition of the
"Pittsburgh Plus" price plan.

The steel shares showed little
change on the day. U. S. Steel
closed 10 3/4 and then fell back to
Tuesday's closing price of 10 1/2.
Merger rumors and the favor-
able earnings statements and Septem-
ber traffic returns contributed to
the strength of a number of popu-
lar railroad shares. Not gains
of one to 2 1/2 points were recorded
by Union Pacific, Southern Pa-
cific, Southern Railroad, Chicago
& Great Western preferred, Mis-
souri Pacific preferred and Sen-
dard Airline common and pre-
ferred.

Call money again remained at
two percent.

Darby Hammond of this city was released upon giving bond in the amount of \$500 to keep the peace. Complaint was made against Hammond by Charles De Silva and the hearing took place in Justice A. B. Opperman's court.

Rheumatism

"Good-bye old crutch!"

THERE IS positively no longer any excuse for suffering the agonies of rheumatism! Especially in the autumn of your life, when the vital organs weaken, impurities multiply and linger in the muscles and joints, as never before. It is now, just now, when you cannot afford to guess. No day returns! Here is a joyous fact which can mean to you a fond farewell forever to all the miseries, the tortures, the body-twisting pains that you have suffered from the demon of rheumatism. It is a fact that rheumatism means "blood poverty." It is a fact with the increase of red-cells in your blood, impurities are destroyed. It is a fact that S.S.S. will help Nature build these red-blood-cells! S.S.S. is one of the most powerful blood cleansers in existence. Its results in thousands of rheumatic cases have been nothing short of amazing! The medicinal ingredients of S.S.S. are purely vegetable. This is very important to remember! What can be more inspiring, more wonderful than to see the shackles of pain released from your struggling body, swellings, lingers, stiffness of joints and muscles all disappear; your stomach made strong; your face pink with the old sweetheart glow, your blood enriched and your cheeks more plump as they used to be. You can do it! Take S.S.S., the great destroyer of rheumatic impurities.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.
